TABLE 1

Head table

Winners stay at the head table.
Losers move to table 2.

This table rings the bell to start and end every round. When a team here reaches 21, the round is over at every table. A team that stays together splits up: one partner moves over one chair.

TABLE 1

Head table

Winners stay at the head table.
Losers move to table 2.

This table rings the bell to start and end every round. When a team here reaches 21, the round is over at every table. A team that stays together splits up: one partner moves over one chair.

TABLE 2

2

Winners move up to the head table.
Losers move to table 3.

Keep rolling until the head table rings the bell. The team with more points wins the round. A team that stays together splits up: one partner moves over one chair.
