Dirty Santa Dice Game

Everyone ends with one gift

Players	You need	Goal	Game ends
4 or more	1 wrapped gift for each player and 1 ordinary die	Hold a gift you like when it is opened	When the last gift is opened

To start

1. Put the wrapped gifts in the middle and sit in a circle.
2. From the youngest player to the oldest, each player takes a wrapped gift from the pile. Not your own, and do not open it.
3. The oldest player rolls first. The die goes around the circle to the left.

On your turn, roll once and do what the die says

Pass left.
Everyone passes their wrapped gift to the left.

Swap.
Swap your wrapped gift with any player who still has a wrapped gift.

Pass right.
Everyone passes their wrapped gift to the right.

Open yours.
Open your gift. It is yours, and you are done rolling.

Swap two.
Pick 2 other players who still have wrapped gifts. They swap gifts.

Make someone open.
Pick another player to open their gift. It is theirs, and they are done.

Good to know

- Only wrapped gifts move. Opened gifts stay with their owners, who sit out the rest of the game.
- When gifts pass, skip players who are done. Each wrapped gift goes to the next player who still has one.
- If a 2, 5 or 6 cannot be done because too few others have wrapped gifts, open your own gift instead.
- When only one player still has a wrapped gift, that player opens it and the game is over.
