Score sheet for Rummoli

Up to 8 players

Date _____ Stop at [ ] Agree when to stop, such as at a set time. **The highest total wins.**

Where chips go. Before each deal, everyone puts 1 chip on each of the 9 spaces. The best poker hand takes the poker pot. A pay card takes its space. The first player out takes the Rummoli pot and 1 chip for each card left in every other hand.

Chips keep the score during a hand. To track a long night, count each player's chips after each hand and write how many they won or lost, with a minus for a loss, then their new total. Playing without chips? Write the chips each player would have paid or won instead.

Hand	Player 1		Player 2		Player 3		Player 4		Player 5		Player 6		Player 7		Player 8
